Mr. Zac Sneesby
President
Amigos de Cerrillos Hills State Park
P.O. Box 460
Los Cerrillos, NM 87010

Dear Mr. Sneesby:

On behalf of *The San Marcos Association* (SMA), and its Board of Directors, I wish to formally affirm our support for the position of the *Amigos de Cerrillos Hills State Park* regarding the AT&T proposed cell tower. In your letter to Diamond Communications, dated 10/25/20, you note that this 80 foot tall tower would be “looming” and “out of context” for such an historic area, a stance with which SMA is wholeheartedly in agreement. While SMA appreciates the potential benefits to our community of enhanced cell service – particularly in terms of increased safety – we agree with most of our neighbors that this location is unacceptable.

The San Marcos Association will continue, in public meetings, via correspondence with important parties, and in our community-wide communication efforts, to work to ensure that this tower is not constructed in this location. We look forward to working with the Amigos, and with other groups in Cerrillos, towards this end. Please feel free to contact me via our website - <https://thesanmarcosassociation.org/> - should you feel we may be able to help you in any way. Further, as they become available, we will post documents related to this proposed cell tower at <https://thesanmarcosassociation.org/cerrillos-cell-tower-documents-october-2020/>, a resource that may be of value to your membership.

Sincerely,

Dennis D. Kurtz, President
